Contact: 8074156127

Precise and focused Computer Science student with a solid foundation in programming, data structures, and problem-solving. Eager to apply technical skills and a growth mindset in a dynamic software development environment. A quick learner with a proven ability to grasp new concepts and technologies rapidly. Currently, seeking professional opportunity to gain experience and contribute to real-world projects.

EDUCATION DETAILS

Examination	Stream	Institute	Year	CGPA / %
B.Tech	Computer Science Engineering	JNTU A College of Engineering, Pulivendula	2023 - 2027	7.4
Class XII	MPC	Narayana Junior College	2021 - 2023	94.2%
Class X	CBSE	Montessori EM High School	2020	92%

WORKSHOPS

- Attended AI Tools Workshop by Clahan Technologies 2025
- Attended **Python Programming** Workshop at JNTUA College of Engineering, Pulivendula 2024
- Attended **Java Programming** Workshop at JNTUA College of Engineering, Pulivendula 2024
- Attended **C Programming** Workshop at JNTUA College of Engineering, Pulivendula 2023

SKILLS

- **Technical:** Python, C, Basic Java, HTML, CSS, SQL, AI/ML, UI UX
- **Non-Technical:** Communication Skills, Leadership, Teamwork, Soft Skills, Problem Solving
- **Language:** Telugu (Native), Hindi (Fluent), English (Expert)
- **Interests:** Travelling, Sports, Reading Books

INTERNSHIP EXPERIENCE

- **AI/ML Research Intern – IIITDM Kurnool** [May 2025 – Aug 2025]
Under the guidance of Dr. N. Srinivas Naik · Associate Professor, CSE
May 2025 – Aug 2025
 - Worked on **crop and weed segmentation** using multispectral imagery (RGB + NIR) for precision agriculture.
 - Implemented a **U-Net model with a ResNet-50 encoder**, optimized for early-stage and mid-stage crop datasets.
 - Applied **CRF post-processing** to improve segmentation accuracy and boundary refinement.
 - Gained hands-on experience in data preprocessing, model training, evaluation, and research documentation.

PROJECTS DONE

- [Personal Portfolio Website:](#) [May 2026]
Developed and deployed a responsive personal portfolio website using modern web technologies to showcase projects, technical skills, certifications, and professional profiles. Designed an interactive and user-friendly interface with responsive layouts for desktop and mobile devices. Integrated sections for project demonstrations, resume access, contact information, and social links including GitHub and LinkedIn. Focused on clean UI/UX design, performance optimization, and modern frontend development practices. Successfully deployed the application using Vercel.
- **Edu Library – Monolithic Library Management System:** [Nov 2025– Dec 2025]

Developed a full-stack monolithic library management system using Python (Flask), HTML, CSS, JavaScript, and SQLite, incorporating role-based access for Students, Librarians, and Admins with features such as registration, authentication, book search, and borrow/return workflows. Designed modules for inventory management, approval of borrow and return requests, and an admin dashboard for user and transaction management. The application was containerized using Docker and deployed on AWS EC2 as a single monolithic service.

- **Crop and Weed Segmentation using U-Net (ResNet-50) with CRF:** [July 2025– Oct 2025]

Built a multispectral (RGB + NIR) deep learning model using **U-Net with a ResNet-50 encoder** to segment crops and weeds for precision agriculture. Implemented **CRF post-processing** to enhance boundary accuracy and boosted segmentation performance across early-stage and mid-stage crop datasets.

- **Online Food Ordering System:** [Mar 2024– Apr 2024]

Developed a web-based Online Food Ordering System using HTML, CSS, JavaScript, and SQL to streamline the food ordering process. Designed a user-friendly interface for browsing menus, customizing orders, and simulating payments, enhancing customer convenience and service efficiency. Focused on scalability, responsiveness, and a customer-centric experience.

INTERSTED FIELDS

- Web Development
- AI/ML
- UI UX Design
- Marketing
- Event Organizing

DECLARATION

All the information provided are true to the best of my knowledge.

Name: D S Snigdha
Place: Kurnool
